340B Drug Pricing Program

AmeriHealth Caritas Louisiana would like to inform you that the Louisiana Department of Health has revised the 340B Drug Pricing Program.

The revisions are underlined.

1 Summary

Effective **January 1, 2026**, Louisiana began rebates on a claim-level basis for outpatient physician-administered drug claims, based upon the modifier attached to the claim. It is the covered entity's responsibility to correctly identify both 340B and non340B claims. Incorrectly identifying claims can result in duplicate discounts. Refer to section 5.1.1.2.

2 Medicaid Exclusion File

Effective **January 1, 2026**, Louisiana began invoicing for rebates based on 340B claim level indicators on **all** claims, **both** outpatient medical and pharmacy.

5 Current Billing Guidelines

5.1.1.2 Outpatient Medical Claims Submitted by a 340B Covered Entity

The use of modifier codes will be required on **all** outpatient medical claims submitted by a 340B covered entity.

- **TB:** Drug or biological acquired with the 340B drug pricing program discount for Medicare Part B drugs for dual-eligible members.
- **UD:** Drug or biological acquired with the 340B drug pricing program discount.
- **UC:** Drug or biological acquired without the 340B drug pricing program discount.

If an appropriate modifier is not entered on each separately billed outpatient medication, the claim will

deny.
