# ASAM 4.0 Training

At the recommendation of Louisiana Department of Health, the six Managed Care Organizations (MCOs) have developed standardized training regarding the new standards and criteria associated with the ASAM 4th Edition update. It is vital for providers to be informed of the updates and revisions required by the ASAM 4th Edition. To ensure this, all MCOs will be offering training sessions. During the training sessions, you will have the opportunity to ask questions about the updates and revisions. You do not have to be contracted with the hosting MCO to attend the training.
