

Follow-Up After Emergency Department Visit for Mental Illness (FUM)

Members 6 years of age and older with a principal diagnosis of mental illness or intentional self-harm during an emergency department (ED) visit.

Two rates are reported:

1. The percentage of ED visits for which the member received follow-up within 30 days of the ED visit (31 total days).
2. The percentage of ED visits for which the member received follow-up within seven days of the ED visit (eight total days).

Visits that occur on the date of the ED visit are acceptable.

The follow-up visit can occur with any provider.

Key updates for HEDIS Measurement Year 2025

Expanded denominator criteria:

- Intentional self-harm diagnosis are now included in any position on the inpatient claim, not just the principal diagnosis.
- Phobia and anxiety diagnoses have been added to the mental illness value set.
- Suicidal ideation codes are now included (R45.851).

Enhanced numerator

- Follow-up visits with any diagnosis of mental illness or intentional self-harm are now counted, regardless of the diagnosis position on the claim.
- Additional care settings have been added to the numerator, including:
 - Residential treatment services
 - Peer support services
 - Occupational therapy services for mental health disorders
 - Transitional care management services with a mental health diagnosis
 - Psychiatric collaborative care management

Visit Setting Unspecified Coding

(with Outpatient POS Value Set and with a mental health provider)

(with Outpatient POS and principal diagnosis of Mental Health or principal diagnosis of Intentional Self-Harm with any diagnosis of Mental Health)

(with Partial Hospitalization POS and principal diagnosis of Mental Health or principal diagnosis of Intentional Self-Harm with any diagnosis of Mental Health)

(with Community Mental Health Center POS and principal diagnosis of Mental Health or principal diagnosis of Intentional Self-Harm with any diagnosis of Mental Health)

(with Telehealth POS and principal diagnosis of Mental Health or principal diagnosis of Intentional Self-Harm with any diagnosis of Mental Health)
